Year R Maths Session

Dear Parents,

We would like to invite you to a maths information session for Year R parents on **Wednesday 22nd March at 2:00pm** in the infant school hall. In the Early Years Foundation Stage mathematics is broken down into two aspects: Number and Shape, Space and Measures.

In order to be successful in maths, it is important that children are confident with numbers, counting and place value. During the session, we will demonstrate how we use a range of resources and strategies in school to support children with number, starting at the early, practical stages and moving on to the use of a number track and line. We will also look how we develop children's knowledge, skills and understanding of Shape, Space and Measures and how we encourage children to find things out and solve problems within maths.

We are able to offer a crèche for younger children, which will be run by our Learning Support Assistants.

If you would like to attend the information session, please complete and return the attached slip, indicating whether or not you will require the use of the crèche. We hope to see lots of you there!

Yours sincerely,

Mrs L. Bell
Early Years Team Leader

Winklebury Infant School

Maths Information Session on Wednesday 22nd March at 2:00pm

I will be attending the maths information session.

Signed _____ Parent of _____ in _____ Class.
